Marisa Ranalli

Achievements

Various Workshops/Classes 2012 - Present

Taught various workshops and classes about electronics and textiles at Site 3 coLaboratory and Atomic Lollipop.

Site3 Artist Residency Jun 2012 - Sep 2012

Chosen as the associate artist in residence at Site3 coLaboratory for Summer 2012.

CBC Radio's Metro Morning January 11th, 2012

Interviewed about electronic textiles on the Metro Morning show on CBC Radio.

Toronto Wearables Meetup January 11th, 2012

The Toronto Wearables Meetup is a gathering of people interested in wearable technology. Presented a speech about electronic textiles and my work at the Toronto Wearables Meetup 11, hosted at OCAD University's Social Body Lab.

Siphonophorae Artist Talk December 8th, 2010

Spoke about my work with electronic textiles and answered questions at the Anna Leonowens Gallery in Halifax, NS.

Digital Threads Sep 2007 - May 2008

Chosen as one of seven students from the Greater Toronto Area to participate in the Textile Museum of Canada's Digital Threads project. We worked with underprivileged high school students from Parkdale Collegiate to create superhero costumes with electronic components that would react to the wearer's actions. The project was completed in May 2008, and was displayed at the Textile Museum of Canada under the name "Super Wired."
